

# ONSITE TRAINING SUPPORT

Providing onsite  
training support  
for your employee

## WHAT IS THE ONSITE TRAINING SUPPORT PROGRAM?

The Personnel Group has over 25 years history of successfully matching and placing jobseekers with a disability or mental health condition into long term sustainable employment.

Our successful Onsite Training Support program has been especially developed to enhance the life long goals of our clients in their endeavours to achieve meaningful employment and involvement with the community.

After we have carefully matched a client to your workplace needs, our team of experienced training consultants will reinforce the training provided by your workplace and implement strategies to assist him/her to fully understand and perform all the job requirements.

### Other assistance may include:

- Work ethics
- Teamwork
- Independence
- Goal setting

- Time management
- Using initiative
- Coping with changes in the workplace
- Communication
- Maintaining productivity
- Career development
- Further education

### The Personnel Group can also assist your business with:

- Accessing funding to the work place modifications scheme.
- Incentives and wage subsidies, which may be offered to employers during the training period.
- Providing ongoing support for the employer and client for the duration of their employment.
